A call for maximizing Upgrade qualitatively Great Dane for Iranian Owner Kennels & Great Dane Lovers

In 2018 with the cooperation of IGC and Owners Kennel, we launched a Great Dane Organizing program. Through this large-scale initiative we aim to assess the status of Great Dane in Iran, and to provide scientifically sound estimates of the population size and trends of Great Dane in their last Kennels. The first phase of this project is being carried out in 2018-2019, the second phase in 2020, and the third phase is expected to run until mid-2021.

Populations are now limited to only Twelve areas : One Great Dane Kennel in Tabriz, Two Kennel in Khorasan Province, One Kennel in Gulan Province, One Kennel in Khuzestan Province , Four Kennels in Mazandaran and One Kennel in Golestan , One Kennel in Zanjan, One Kennel in Qazvin Province and possibly, One or Two Kennels in Isfahan Province. We also guesstimate that size of the Iranian GreatDane Kennels population may not exceed 20 individuals.

We are still hopeful for the Upgrade Qualitatively of Great Dane in Iran, but we believe that all national and International Partners Must Play A Bigger , and More Active Role to Safeguard Great Dane in Iran. Recently we have launched petition to ask to order immediate implementation of Establishment of A non- governmental organization (NGO) called VCP or IGC. Most Importantly by pushing Governmental bodies to cooperate with Foreign NGO.

So far about How many Owners Kennel have signed the petition, and we hope that this petition will provide a much - needed will and support for Upgrade qualitatively of the Great Dane in Iran.

IGC collaborated in publishing 'Iranian Apollo' Special Issue

Published by IGC/VCP Great Dane Specialist Group in collaboration with Great Dane Reference of Iran (G.D.R.I), Great Dane News Special Issue Nr 1 discusses the status and Upgrade qualitatively of Great Dane in Iran needs of "Iranian Apollo". Organizing Kennels and examining breeding problems, this special issue is dedicated to the remarkable, but often neglected , diversity of Breeding topic in the country. Several Kennels have contributed in developing the most updated and detailed review of Great Dane of Iran, which is intended to set a baseline for the continuous assessment of the situation of Iran's Great Dane populations.

In August 2017, IGC/VCP in collaboration with the G.D.R.I Important issues of breeding education and capacity building project for interested people in Cyberspace. The focus of this project was increasing local tolerance towards Great Dane, in particular the Proper breeding . Working with the younger generation in was central to this project. IGC hopes to continue its important issues of breeding awareness in country during the following months.

A Bilingual Book of Great Dane is writing soon... Probably with the name: half the century of Great Dane

This book has a great variety of writings. The History are very interesting, and studying the Story and memories is a great way to get a more nuanced understanding of Life is with Great Dane in Iran.

This book discusses the profile and recognition of phenotypes and better standard understanding. The book includes six main chapters: History, Standard and Typology, Dog Shows and festivals, the first ones and, finally, the Introduction of Iranian Great Danes.

The book "Half the Century of Great Dane" is written by Farzin Barzegar and is cosponsored by many Iranian and foreign breeders, translators and experts.

In the near future, the book "Half the Century of Great Dane" will be published and presented in collaboration with a Danish publisher and The Great Dane Club of Denmark.

You can also buy the English version book of «The Great Dane Booklet» by Flemming Rickfors.

Coming Soon...

The 1th Persian NGO For Great Dane In Iran

In recent decades, with the rapid development of scientific production and development world-wide, this specialty field in our country has also grown significantly in recent years. The introduction of expertise in raising education at universities , the establishment of dozens of specialized companies, the provision of various training courses, holding seminars and conferences, and the publication of hundreds of scientific papers at International and domestic conferences and Journals are just a few of the activities that have been conducted over the past 10 years in this field has been conducted in the country. Accordingly, and given the growth of this issue in the country, the Iranian Great Gratitude Society has been formed to help grow and promote, as well as to organize the cultivation activities in the country.

In order to expand, promote and educational, research and field, IGC was established the members of the Board.

Registration and Organizing of Kennels

Support Issues in Improving Internal Productivity The most important aspect of management and leadership in the breeding sector is the agenda of the Iran Greatdane Club (IGC). Therefore, increasing domestic production and improving the quality of the main orientation of this association in the country. As production increases with a strategy for improving productivity per unit area, the IGC "Quality Improvement" is the main strategy in managing this sector and in the preparation and formulation of programs, plans and the establishment of committees and related committees, and pursues its realization and implementation.

The Iran Great Dane Club (IGC) offers breeders the Registered Kennel Name Program to protect the use of their kennel's name in the naming of IGC registered dogs. The use of a registered kennel name allows breeders to name dogs of their breeding in an identifiable manner creating a prominent familial foundation in the breed.
